

MARTIAL ACTIVITY RESTART PLAN

Martial activities will be allowed to take place starting June 13 under the following parameters:

1. Meetings and practices ONLY – No martial activities at Saturday events.
 - a. Travel outside of a participant's local area in order to attend a practice is strongly discouraged.
 - b. Attendance is capped at either 150 total persons, or the local state/city restrictions, whichever is lower.
2. All attendees including participants must wear masks at all times except when eating or drinking.
 - a. This includes active participants on list fields in ALL martial activities.
 - b. There is no exemption or waiver to the mask requirement for martial activities. Participants who are unable or unwilling to wear masks may not participate in martial activities.
3. Equipment inspection will be done visually while socially distanced; each participant must physically inspect their own gear prior to inspection by a marshal.
4. Combat Activities:
 - a. Single combat only – Absolutely no melee, melee practice, or melee drills.
 - b. **Before participating in practices ALL combatants must be Reintroduced to Martial Activities** – a simplified version of reauthorization in which the combatant goes through 2 or 3 passes with an opponent while watched by a warranted marshal. This is to ensure gear is fitting and working properly and that the combatant is properly calibrated and aware of their body.
5. **Absolutely NO:**
 - a. Loaner gear of any kind – no shared armor, weapons, equipment.
 - b. **Communal food/drink.**
6. Sign-In and Preregistration:
 - a. For practices, participants must follow the overall directives from KSEN in terms of signing in and waivers, but generally the pre-pandemic policy of participant sign-in will remain in place. Groups Knight Marshal shall ensure that sign-in can be done safely.
 - b. When martial activities are allowed at events, list table sign in and activity sign up will be handled either electronically or while socially distanced. Full details on the electronic sign in procedures are TBD.
7. Other rules and restrictions may be put in place at the discretion of Their Majesties and the Kingdom Earl Marshal and will be communicated through your kingdom deputies and regional marshals.
